Compact Rent machineverhuur

WE NEVER STAND STILL.

RENTAL GUIDE 2026

Welcome

Welcome to Compact Rent, your rental partner for self-drive earthmoving equipment. With 5 branches across the Netherlands and a rental fleet of over 420 compact machines, Compact Rent is your ideal partner whenever you need earthmoving equipment.

With our own maintenance and service team, efficient logistics and generous opening hours, we provide every customer with excellent service. Our experienced, skilled staff respond quickly, accurately and flexibly to every enquiry.

Our motto is: “We do not go home until it is sorted”. Our modern rental fleet features only leading brands such as Cat®, Volvo, Giant and Yanmar, ensuring you receive a well-presented, reliable machine with a full range of attachments available. If you have any questions or would like more information, please feel free to contact us.

Our general telephone number is 088 - 003 63 33 or email info@compactrent.nl

WORKING TOGETHER TO ACHIEVE MORE TOGETHER

Convenience
Keeping your project on schedule is our priority. We are always ready to help you move forward and access a wide range of machines and solutions, even at very short notice.

Expertise
We train all our employees to provide expert advice, service and support.
Our team makes sure you receive the machine that meets your
requirements, when you need it.

Reliability
After every rental period, all products are thoroughly checked inside and out to ensure safe, reliable operation.

Technology
Our rental fleet features the latest technology to help you improve productivity, efficiency and financial performance.

Value
Renting high-quality, reliable equipment removes the financial responsibility of ownership, benefiting both your project costs and your cash flow.

Flexibility
Needs on site can change quickly. We offer a range of options to suit your schedule and budget, including short- and long-term rental and rental with an option to purchase. You can also count on us when special requirements need to be met.

Training
All our employees receive extensive training in products, applications, machine operation and safety through the Cat Rental University Program.

Experts
Our employees are specialists with hands-on experience of how the machines work. They know how to get the most from the technology and work with you to find the best combination within your budget.

Support
Our industry is very diverse. This means an expert in your sector is always available to provide advice and support.

Renting from us gives you access to our highly skilled, knowledgeable and, above all, enthusiastic team. They are available 24/7 to answer your questions, help resolve problems and offer advice whenever you need it.

Teamwork

You know best which equipment, technology and skills your team needs to perform at its best on every job. We share our experience and expertise with your team to help you make the right decision. By joining forces, you achieve the best results.

ALWAYS AIMING FOR MAXIMUM UPTIME

Reliability

Keeping a project on schedule and within budget while meeting every requirement is no easy task. Circumstances can change, the weather can turn and unexpected problems can arise. At Compact Rent, every product is thoroughly checked before it leaves and when it returns to our yard. The equipment in our rental fleet is carefully inspected and maintained. Our team knows you are counting on them: they care just as much about the end result as you do.

Thorough inspection procedure

Every item in our rental fleet is inspected before and after each rental period in accordance with BMWT guidelines. This ensures you always receive a machine in excellent technical condition.

Qualified professionals

Our team represents our business, so we continually invest in their training. Every team member receives regular training and assessment. Throughout our clearly defined rental process, our team is always ready to help.

Maximum uptime

We understand that reliability is essential to keeping your project on schedule. We aim for maximum machine uptime on every job.

Sustainability matters

Focusing on sustainability can improve the efficiency and productivity of your operations, minimise environmental impact and strengthen the integrity of the industry as a whole. We actively support this agenda and help our customers do the same by providing products, services and solutions that make a real difference.

Safety always comes first

SAFE MOVE!

We continue to strive for a 100% safe environment. Since introducing SafeMove in 2022, our safety awareness has reached the highest level. We would like to help you create a safe workplace. Everyone home safely, every day.

YOUR SAFETY IS OUR PRIORITY

PRICES
Prices are per unit and exclude VAT, the 8% damage waiver, fuel and charging costs. Prices are subject to change. Prices are valid from 1 February 2026 and are based on a maximum of 8 operating hours per day and 5 working days per week. Additional operating hours or days will be charged.

PAYMENT
Within 30 days of the invoice date.

DAMAGE WAIVER
A charge of 8% of the rental fee applies for the damage waiver on rented equipment. The excess for damage is € 2.500,- per incident. The excess for fire and theft is € 5000,- per incident. Damage to cables and pipes is excluded.

DELIVERY
Prices are based on collecting the equipment from one of our branches. Compact Rent can arrange delivery and collection of the machine for a transport charge.

USE OF RENTED EQUIPMENT
The renter must return the equipment in the same condition as when received. Any cleaning costs are payable by the renter. Fines and traffic penalties are passed on in full + a € 75,- administration fee.

DAMAGE TO TRACKS OR TYRES
Payable by the renter.

FUEL, CHARGING COSTS AND LUBRICANTS
Payable by the renter. Compact Rent supplies machines with a full fuel tank or fully charged battery.

CUSTOMER ACCEPTANCE
Compact Rent may apply a customer acceptance policy at its own discretion. On request, customers must be able to provide valid identification and an extract from the Chamber of Commerce register. A security deposit may also be required.

The renter cannot derive any rights from these rental conditions and Compact Rent reserves the right to amend these rental conditions at any time.

The Compact Rent general terms and conditions apply to all offers, acceptances, agreements and other transactions relating to the provision of rented equipment and associated services by the rental company.
For these general terms and conditions, please visit our website: www.compactrent.nl
